

Ekant Friends,

We were apprehensive in the beginning about the place. The people around made us feel at home, food was good. Ekant is an enchanting experience, would say spiritual, you are with nature and done things which we used to do in our childhood. Picking wild fruits swimming in the river jumping into the water.

Food was really good, rooms were clean the weather is good. There is no need for Ac in the night.

Friends at Ekant provided us good service went out of their way to show us Bisons in the adjoining sugarcane fields.

Thank you very much for the enchanting experience you gave us. Will be looking forward to visit again.
