Dear Ekant family,

It had been a wonderful stay here. I wish I could stay bit more. The place is awesome and does really keeps the promise of its name. The ambience of nature, birds and forest aroma is awesome.

Apart from this, the hospitality & warmth of the staff is way beyond imagination. We got to have very good food which everyone of us enjoyed. My wife who eats scanty, had plenty of to eat.

I would certainly recommend the place to my friends and would like to visit the place again.  
Keep up the good work!
